

# Town of Wilkesboro Utility Notice

Dear Valued Water Customer

Due to the ever-increasing cost of water treatment supplies and the cost of improving and maintaining our utility infrastructure, the Wilkesboro Town Council has voted for a utility rate increase of 7.5% effective July 1<sup>st</sup> 2010. Your **JULY** 2010 bill will reflect this increase.

The Town Council has also voted to begin charging for garbage service as follows:

- Effective July 1, 2010, all residents and businesses receiving trash pick up in the Town of Wilkesboro will be assessed an \$8.00 charge for trash service starting with the **AUGUST** 2010 utility bill. For residential customers with a second container an additional \$8.00 charge will be applied to your account. Commercial accounts with a second container will be charged an additional \$15.00.

With these additional charges being added to your utility bill, Ken Noland, Town Manager has directed staff to change the billing frequency as follows:

- Effective with the July 2010 billing, all residential and commercial customers will be billed on a **MONTHLY** basis. The due date will remain the 1<sup>st</sup> of the month and late fees will be assessed on the 11<sup>th</sup> of the month.
